CURRENT POSITION

Professor, Computer Science Department, Technical University of Cluj-Napoca

WORK EXPERIENCE

2007 – Present

**Professor**

Technical University of Cluj-Napoca, Computer Science Department, Head of CS Department

2000 – 2007

Associate professor

**Head of CS Department** (2005 - Present),

Head of the students admission department (2004-2009)

1994-2000

**Senior Lecturer**

Technical University of Cluj-Napoca, Computer Science Department

- Teaching activity: Techniques Practical Activity
- Research activity

1991-1994

**Teaching Assistant**

Technical University of Cluj-Napoca, Computer Science Department

- Teaching activity:
- Research activity

1990-1991

**Researcher**

National Computer Science Institute – Cluj-Napoca branch

1986-1990

**Programmer**

IPEG, Cluj-Napoca branch

- Design and development activities

EDUCATION AND TRAINING

2008 – present

**PhD Supervisor**

Technical University of Cluj-Napoca

5 supervised PhD thesis defended

10 PhD students currently under supervision

1992-1998

**PhD in Computer Science**

Technical University of Cluj-Napoca

1981-1986 “Contributions to Multiparadigm Logic Programming System”  
**Diplomat Engineer, Computer Science**

Technical University of Cluj-Napoca, Automation and Computer Science Faculty

Programming basics, Logic programming, Object Oriented Programming, Functional programming, Parallel and Distributed Programming, Microprocessors, Operating Systems, Computer Networks

Communication skills

Team player, High communication skills, Adaptive, Reliable

The communication skills were acquired through:

- 27 years of teaching and research activity
- 12 (5) years of CS (Students Admission) department management
- Several international conferences presentations
- Invited talks presentations

Organisational / managerial skills

Management skills were acquired through:

- 12 years as Head of the Computer Science Department
- 5 years as Head of the students admission department (2004-2009)
- Lead of the Knowledge Engineering Group (keg.utcluj.ro)
- 12 years as a member of the Automation and Computer Science Faculty Board
- Coordinator of the “Complements of Computer Science” MSc track
- Scientific responsible on four national research projects
- Scientific responsible on two international research projects
- Scientific responsible on one research project with the industry
- Member in more than 10 national and international research projects
- Member in more than two research projects with the industry
- Member of several Tempus programs
- Running more than 10 Erasmus programs (4 still active)

Job-related skills

Research skills in the field of Knowledge Engineering

- Fundamental theoretical aspects: dealing with problem-specific features extraction and selection from both structured or unstructured data, pre-processing techniques for handling noisy and/or incomplete data, supervised/unsupervised learning from balanced/unbalanced and structured/unstructured data;
- Practical approaches: Data Mining application prototypes for both structured data (assisted medical diagnosis, spam detection, signature recognition) and unstructured data (topic extraction, opinion mining, community detection, semi-supervised text labelling, contradiction detection). Learning: supervised, semisupervised, unsupervised; domain dependent/independent; NLP techniques, language dependent/cross language strategies.
- Teaching skills 27 years of experience in teaching. Former courses taught (beside the current ones): Software Engineering, Data Structures and Algorithms, Parallel Algorithms.
- Managerial skills: 12 years Head of the CS Department, 5 years Head of the students admission department

Computer skills	Advanced Computer Science skills focusing on: <ul style="list-style-type: none"> <li>• Algorithms</li> <li>• Logic programming</li> <li>• Data and Knowledge Management</li> </ul>
Other skills	Writing scientific papers and presentation of the research results in scientific conferences
