COMPLEMENTARY EVENTS

"POLCOM®-AUTO"
*International exhibition of
polymeric & composites
automotive products*

"Material chemistry"
prof. Michelina CATAURO
"Operations management"
prof. Marcello FERA

Key topics

- Advanced polymeric and composite materials
- New frontiers in Additive Manufacturing
- Processing of plastics, elastomers and composite materials
- Modelling, simulation and structural design of polymeric and composite products
- Technologies of polymeric and composite products
- Lightweight and surface products with polymeric and composite materials
- Smart technologies and mechatronic tools for smart advanced material applications
- Industrial management of polymeric and composite products

Important deadlines 30th September 2020, paper submission deadline; 15th October, notification of paper acceptance
30th October 2020, early registration deadline 15th November 2020, Fee payment due

Venue Faculty of Industrial Engineering and Robotics, University POLITEHNICA of Bucharest, RO
