

Summer School

"Test Innovative Educational Model"

24th – 28th of June 2024

organised and hosted by the **Lodz University of Technology / POLITECHNIKA LODZKA / POLAND**
<https://educate4green.eu/#>

Organizations are increasingly interested in promoting transformational change for green and digital transition. As a result, Erasmus+ project partners are inviting students to apply for a (5-day) intensive study program. This program allows students to benefit from the synergies created through cross-disciplinary transfers among thematic modules, as well as through examples and case studies that focus on environmental concerns.

What 1st Summer School is all about?

- ✓ Mutual learning experiences grounded on real-life examples and innovation concerning sustainable patterns & greening business.
- ✓ Experience sharing between five cultures (Romania, Italy, Poland, Bulgaria) and international environment nourished with good practice exchanges between students, teachers, and trainers from project partners.
- ✓ Covers main topics of Green Jobs, Green-Market, Green Business, innovation, and enabling improved forms of cooperation among education, training and business.
- ✓ Thematic sessions and practical lessons concerning:
 - **Module 1: Green Employment and Enterprises**
 - **Module 2: Environmental and Green Market Opportunities**
 - **Module 3: Sustainable Patterns & Greening Business**

What are the benefits for participants (students)?

- ✓ Improve the capacity to think across boundaries of disciplines, making connections and understanding how Green Business could be developed.
 - **Facilitates the deepening of knowledge for the transition to the green and digital economy.**
 - **Enabling improved forms of cooperation among education, training and business**
 - **Exposure to multicultural knowledge, exchange of experience in the environmental field, decent jobs and environmental responsibility.**
 - **Acquiring responsible behaviour and understanding of challenges of environmental responsibility and greening jobs & enterprises**
 - **Earned Participation Certificates from Erasmus+ project educate4green.**

Participants: teachers, students and trainers from

- POLITEHNICA Bucharest (Romania);
- EUROTRAINING SOLUTION SRL (Romania);

- InforElea Academy (Italy);
- Lodz University of Technology / POLITECHNIKA LODZKA (Poland)
- UNIVERSITY OF RUSE "Angel Kanchev" (Bulgaria)

How to apply?

- ✓ The interested participants shall communicate and send their CVs to the project manager:
 - *POLITEHNICA Bucharest, Bogdan FLEACA, Bogdan.fleaca@upb.ro*
- ✓ The deadline for completing the Registration Form and CV is the **31st of May 2024**.
- ✓ The selection criteria: learning performance, English language, motivation, seriousness, proactive attitude, teamwork and adaptability in multicultural settings, and willingness to share experience.

What is expected from the selected students?

- To have good communication skills in English (at least B2 level)
- To have basic computer skills
- To take part in all learning activities as per the event agenda
- To be eager to share experiences in a multicultural environment.
