

# POLCOM<sup>®</sup> 2025

**9<sup>th</sup> International Conference on Design and Technologies for  
Polymeric and Composite Products**  
**Progress on Design Techniques and Manufacturing Technologies for Advanced  
Products and Processes in the Modern Era**

*Bucharest, Romania, 19-22 November 2025*

[www.polcomconference.com](http://www.polcomconference.com)

## ORGANISERS

**University POLITEHNICA of Bucharest**  
*Faculty of Industrial Engineering and Robotics*  
Manufacturing Engineering Department  
Bucharest, Romania; [www.upb.ro](http://www.upb.ro)

Università  
degli Studi  
della Campania  
*Luigi Vanvitelli*

**University of Campania “Luigi Vanvitelli”**  
*Polytechnic and Basic Sciences School*  
Department of Engineering  
Aversa, Italy; [www.ingegneria.unicampania.it](http://www.ingegneria.unicampania.it)

**Romanian Plastics Processor  
Employers' Association**  
[www.aspaplast.ro](http://www.aspaplast.ro)

**Romanian Automobile  
Manufacturers Association**  
[www.acarom.ro](http://www.acarom.ro)

**Industry Polymeric Composites  
International Exhibition**  
[www.aspaplast.ro](http://www.aspaplast.ro)

**PlasticsEurope**  
*Association of Plastics Manufacturers*

[www.plasticseurope.org](http://www.plasticseurope.org)

## Key topics

- Artificial Intelligence in Polymer Products Industry
- Smart Polymeric and Composite Products
- New Frontiers in Additive Manufacturing
- Numerical simulation of materials behavior and processing
- Advanced Materials in Engineering
- Structural Health Monitoring
- Extended Reality for design and simulation
- Operations Management
- Remanufacturing and Circular Economy
- Strength of materials and fracture mechanics

**Venue** Faculty of Industrial Engineering and Robotics, University POLITEHNICA of Bucharest, ROMANIA;  
44°26'27.2"N 26°02'57.7"E
